Smart Notes Management

Teachers can upload, organize, and manage study materials. Students access notes anytime, anywhere.

Interactive Quiz System

Create engaging quizzes with multiple-choice questions. Students get instant feedback and results.

Smart Study Assistant

AI-powered study assistant helps students understand concepts, generate questions, and improve learning.

Progress Tracking

Monitor learning progress with detailed analytics. Identify strengths and areas for improvement.

Student Leaderboard

Gamified learning experience with leaderboards. Motivate students through healthy competition.

Discussion Forum

Collaborative learning environment where students and teachers interact, share knowledge, and grow together.

How it works

Simple Steps to Start Learning

Get started with EduHack AI in just a few easy steps.

1

Teacher Uploads Notes

Teachers upload study materials and organize content for students.

2

Teacher Creates Quizzes

Create interactive assessments to test student understanding.

3

Students Learn & Practice

Students access notes, attempt quizzes, and track their progress.

4

Students Participate

Engage in discussions, ask questions, and share knowledge.

5

Track Performance

Monitor progress, identify strengths, and improve continuously.

6

Achieve Success

Master subjects, earn achievements, and excel in learning.
